Welcome Message

Sunrise Patient Portal™ empowers patients with information and self-service functionality to connect to their providers? and healthcare organizations? enterprise health information systems.

The secure, patient Web-portal lets patients log in to access their health information. The portal interface mirrors an organization?s existing brand. The healthcare organization is also able to create and send custom forms or questionnaires to patients, who can then submit their responses online and have them seamlessly integrate into Sunrise Clinical Manager.

2. When done, click the box to agree to the **Terms and Conditions** and then click **Create**.
